

**Day 1:**

The programme begins with a visit to the **high-wire course in the Scenery Park Nord**.

Settled between blast furnaces, steel beams and chimneys; we go high into the air on steel cables with safety equipment and expert guidance. Previous experience is not necessary but you should not be afraid of heights.

**Duration: about 3 hours**

**Day 2:**

The day starts with an **exploratory tour on inline skates**. Following some short instructions, we will go on an attractive trail through the industrial scenery, where we frequently cross coal and steel backdrops.

**Duration: about 7 hours**

**Day 3:**

We will spend the third day **on the water. In fact, it will be on a raft** which you could build yourself under the expert guidance of an instructor. The raft is ready in about an hour and you will float down one of the loveliest sections of the Ruhr.

**Duration: about 7 hours**
